THIS ZINE YOU ARE HOLDING HAS BEEN COLLABORATIVELY CREATED BY JARVIS COLLEGIATE INSTITUTE'S 2019 ART CLUB STUDENTS, WHO WERE GUIDED BY THE STEPS INITIATIVE. COMMUNITY & ART IS SOMETHING THAT CAN BENEFIT EVERYONE. ON THE FOLLOWING PAGES, STUDENTS TELL US HOW & WHAT THIS LOOKS LIKE AS WELL AS A MINI-ZINE ONE STUDENT MADE TO SHARE ABOUT SOME OF THEIR FAVOURITE THINGS. MAY THIS ACT AS INSPIRATION FOR FUTURE COMMUNITY PROJECTS.

How can youth get involved with arts & culture projects?

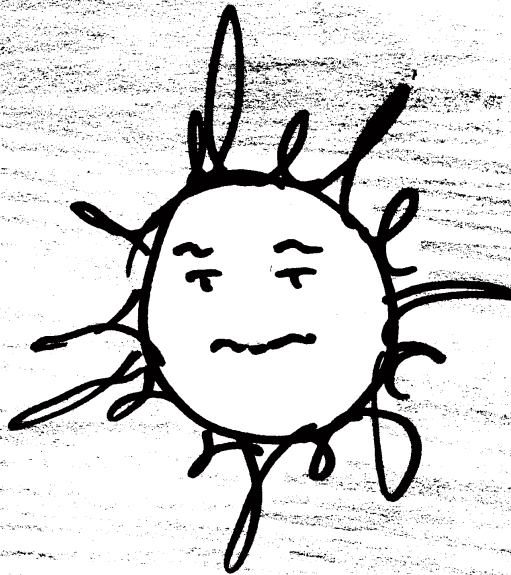

I Suppose, if you'd like to know the beneficial abilities of a positive community and how sometimes (actually all the time) change is good, especially new change, then you could possibly take a peak at Siobhan's little book about the solar system in which our Earth resides in.

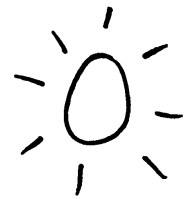

If you're lucky enough to decipher the message further,

The Solar System had just been put together...

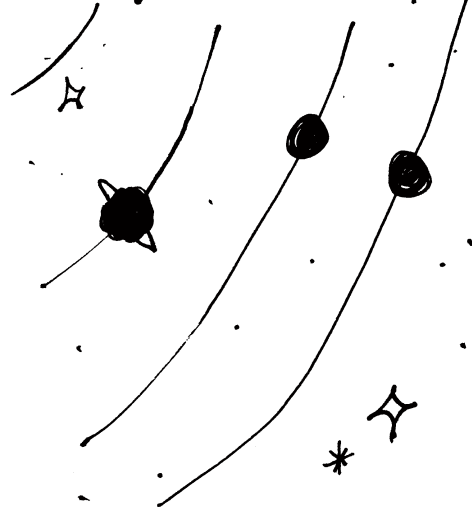

The system's elements were Mercury, Venus, Earth, Mars and Jupiter. The sun felt like the system was missing something.

So the Sun gave all the planets their own orbits and allowed them to dance!

This attracted new planets to the solar system. Welcome Saturn, Uranus, and Neptune.

After a while, the Sun realised that their system could attract tiny stars when they did more than just dance. As one planet began to hold life, stars became a part of the system.

All wondrous signs of life can be seen.

From afar, the solar system as a community, is actually seen within. system with and creating a community.

A solar many dancing elements is Although there are many stars in the system that have not been discovered, they will always be welcome and appreciated by the

# Bob Ross

Known for his fast and easy "wet on wet" painting technique Bob Ross reached millions of art lovers with his popular TV program *The Joy of painting*.

Bob Ross originally known as Robert Norman Ross, was born in Daytona, Florida, on October 29, 1942. He was raised in Orlando Florida. After dropping out of School in ninth grade, Ross served in the US Air Force in the early 1960s. During his service he took part in his first lesson at Anchorage, Alaska United Service organization Club. From that point on he was hooked, a term he used often, to be an oil and "wet on wet" painter. Which would be his legacy

# TV CAREER

Ross taught wet-on-wet painting to several friends and colleagues, and in the early 1980s, he was given his own show on PBS based

Ross instructional program, *The Joy of painting* premiered in 1983 on PBS, where it would run for more than a decade and attract millions of viewers. *The Joy of paintings* would eventually be carried out by more than 275 stations, spawning an empire that would include videos, how-to-do books, art supplies and certified Bob Ross instructors.

# LEARNINGS

*After returning from Air Force, Ross attended various art schools until he learned the technique of wet-on-wet painting from William Alexander (later his bitter rival), where oil paints are directly applied on top of one another to produce complete paintings ( mostly landscapes ) in less than an hour*

*It is also know as alla prima, direct painting or au premier coup.*

# DEATH AND LEGACY

The joy of painting was cancelled in 1994 as the famous TV instructor and host had been diagnosed lymphoma at the same time. He was known for his light humour and gentle demeanour as well as his ability to complete a painting in 30 minutes.

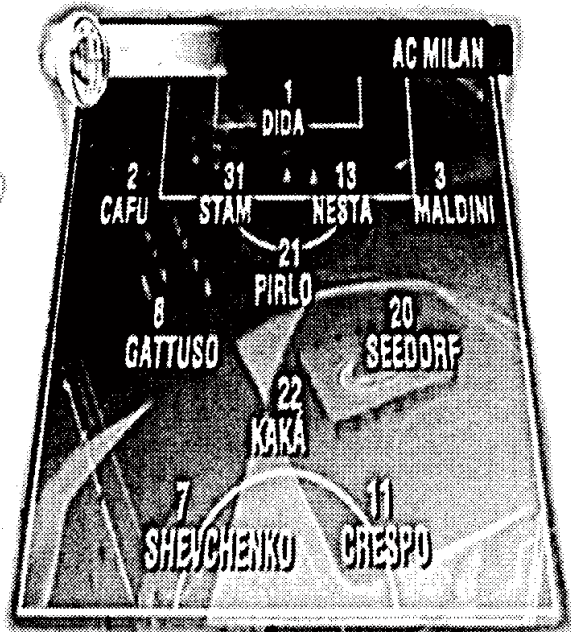

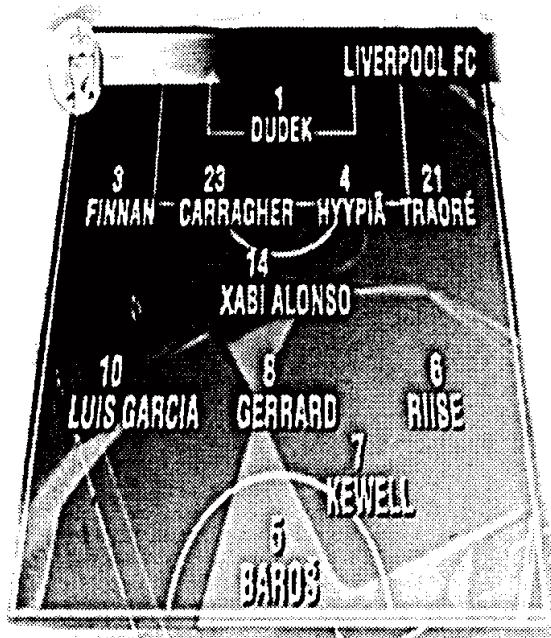

After his death, majority of his paintings were donated to charity or to PBS station. His legacy lives on with number of facets, including a fan based twitter page of 67,000 followers

## Liverpool 3<sup>(3)</sup> - 3<sup>(2)</sup> AC Milan

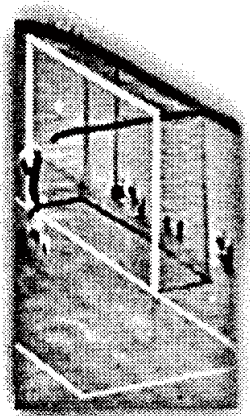

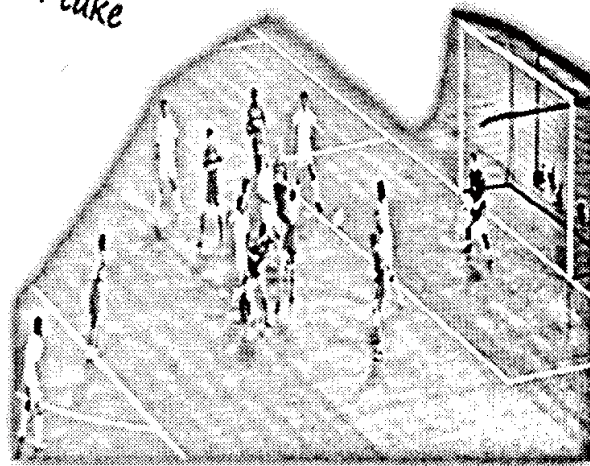

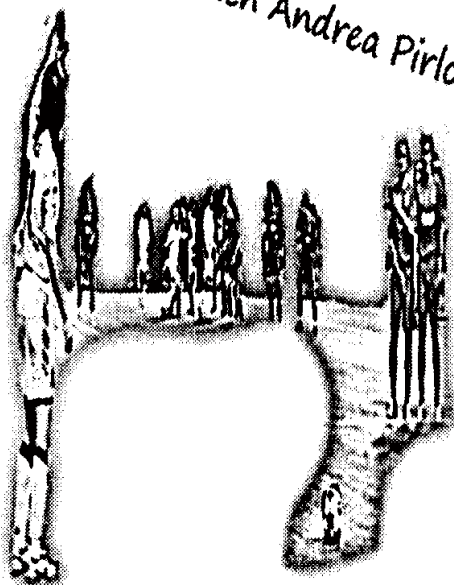

MILAN 1 - 0 Liverpool

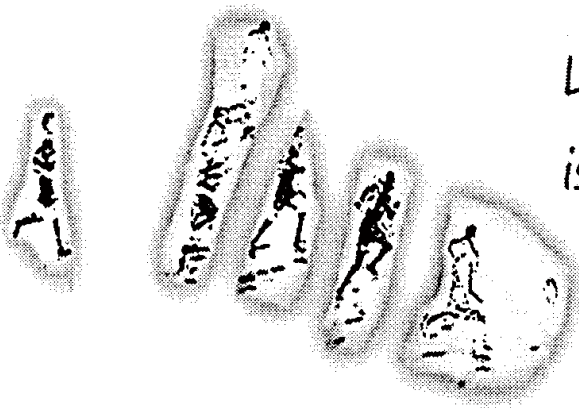

A free kick which Andrea Pirlo will take

It's volleyed!!!

And it's in Paulo Maldini the skipper has scored it

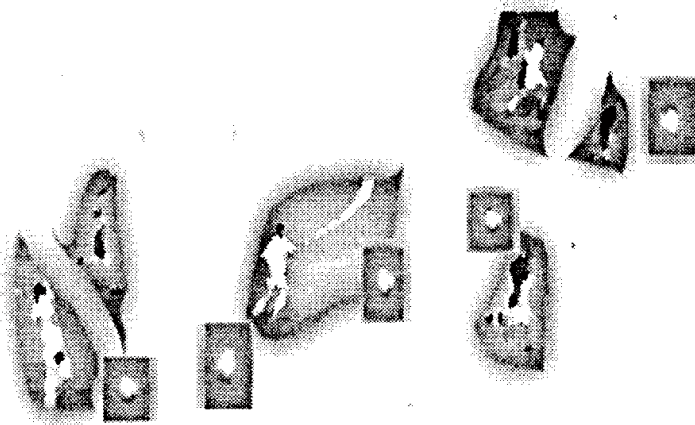

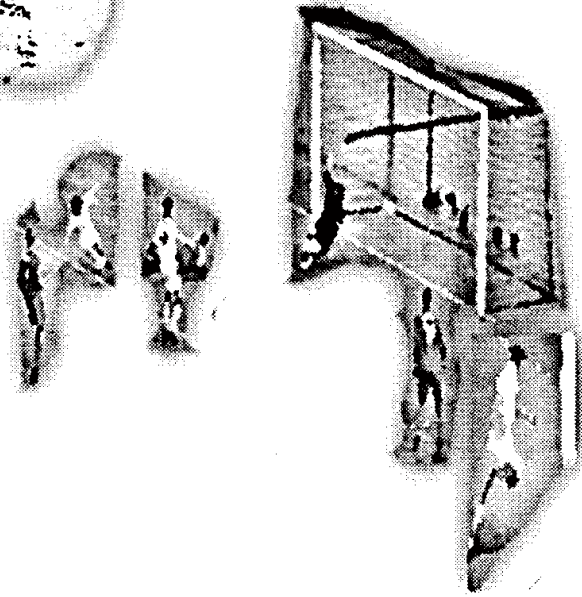

# Milan 3-0 Liverpool

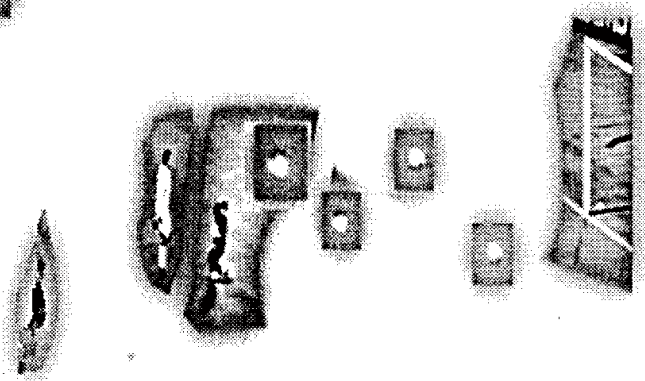

Lifted into Shevchenko he  
is onside this time, his got  
Crespo in support

Shevchenko squares it  
to Crespo and it's  
two nil.

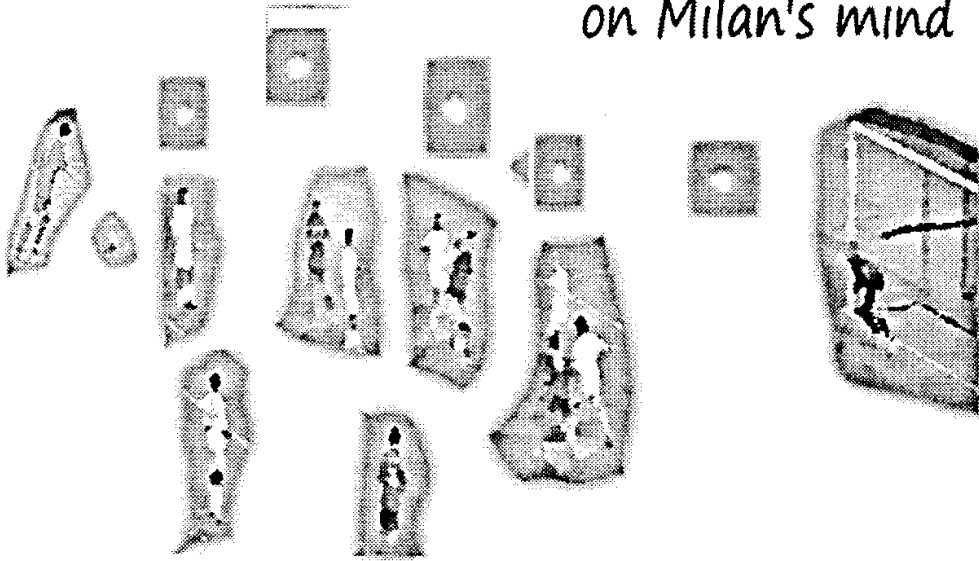

Look at that from  
Kaka, what a pass  
that is.

What a goal that is.  
Anna Crespo again, with  
a sublime pass from Kaka.

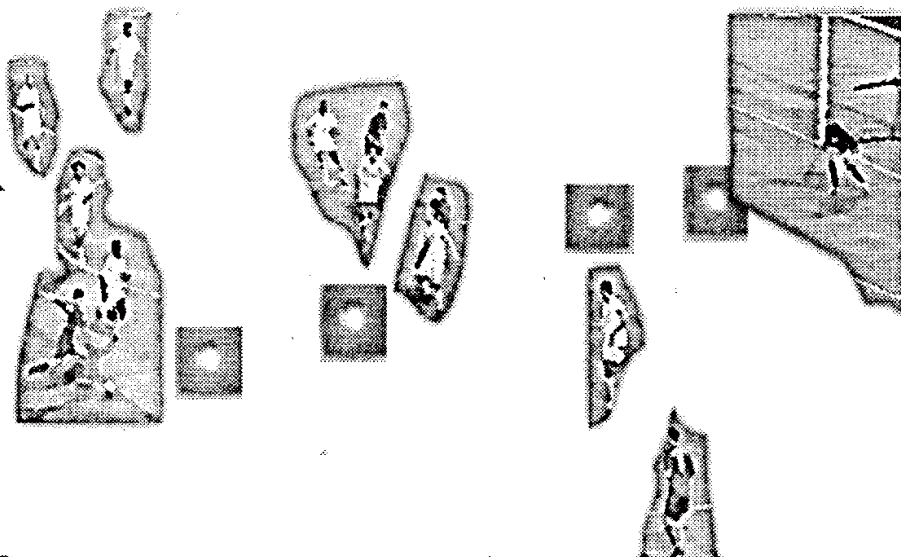

Risse into the box, and Gerrarddd. Hello here  
we go, Steven Gerrard puts a gray of doubt\

on Milan's mind

Hannam, Smicer hit sweet by Smicer, it's  
in: two goals in 2 minutes for Liverpool.

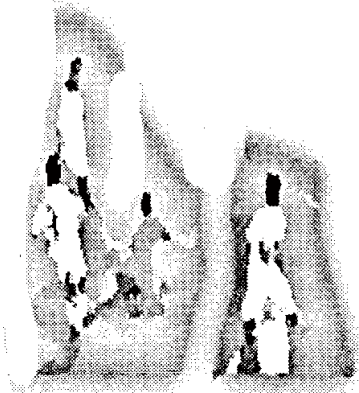

Milan 3 -2 Liverpool

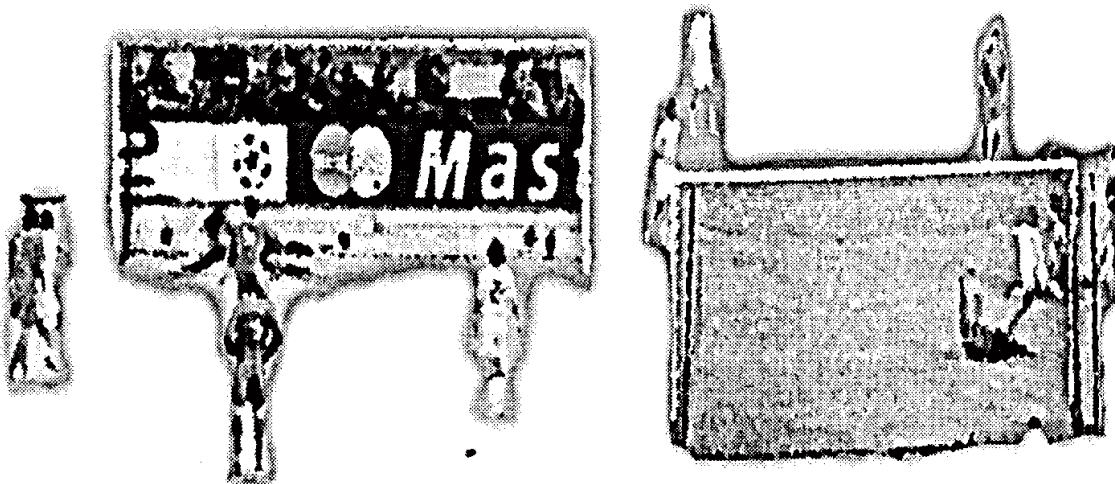

# Milan 3 - 3 Liverpool

Baros, he has laid it off for Gerrard, he was held, it's a penalty.

It's Alonso, it's saved by Dida, gets it on the rebound. And mission impossible is accomplished. Liverpool are champions of Europe once agains

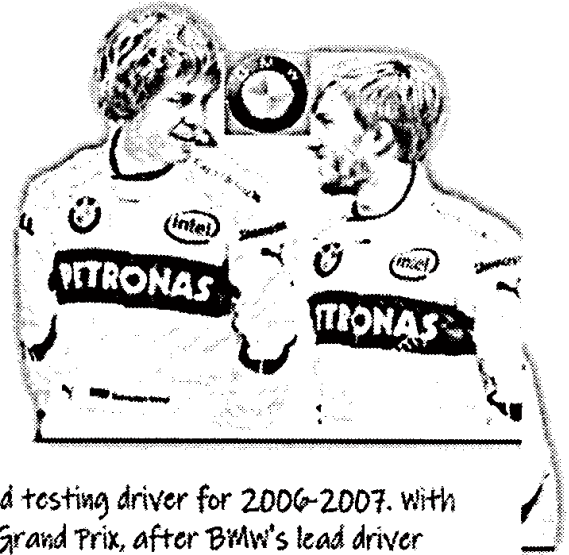

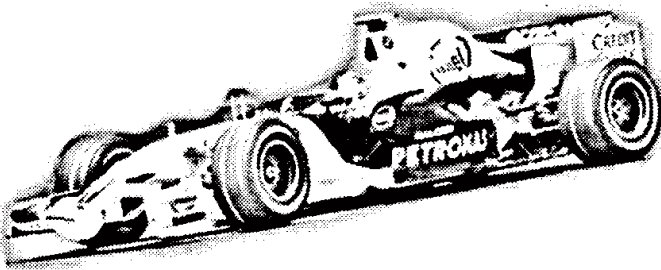

Liverpool won on pens later that night

# Sebastian Vettel

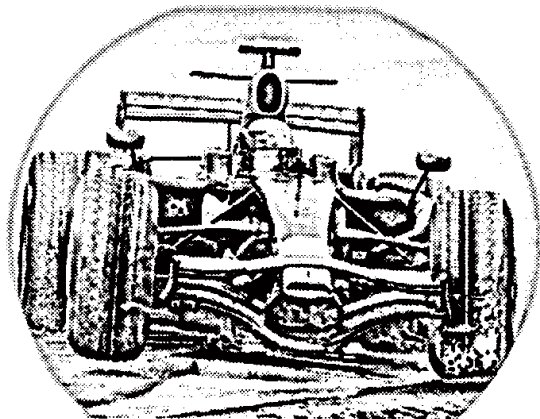

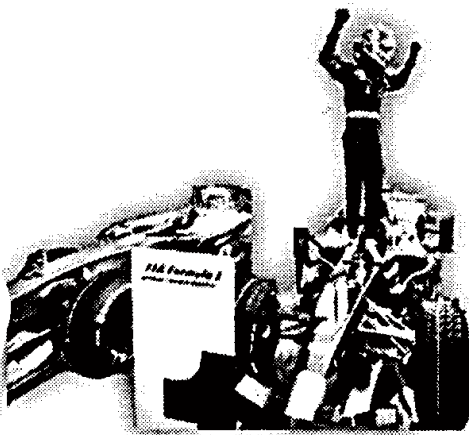

Born in Hoppenheim Germany, on July 3, 1987. Sebastian Vettel is a Formula 1 racing driver. Having excelled in lower racing categories, Vettel was picked up Red Bull's Drivers Academy

Due to his talents, he was drafted as BMW's reserve and testing driver for 2006-2007. With fortune on his face, he got to race in 2007's Hungarian Grand Prix, after BMW's lead driver Robert Kubica's had a massive accident the race before in Canada. Finishing 8th and being the then youngest driver to score points helped him pave way into F1 easier

## FARYTALE MONZA 2008

After impressing he was drafted into Red Bull B team Torro Rosso

Despite being a sister team Torro Rosso competed in F1. They were known to produce legendary drivers, who could succeed in any level and type of 4 wheeler motorsport. But they never finished near the top.

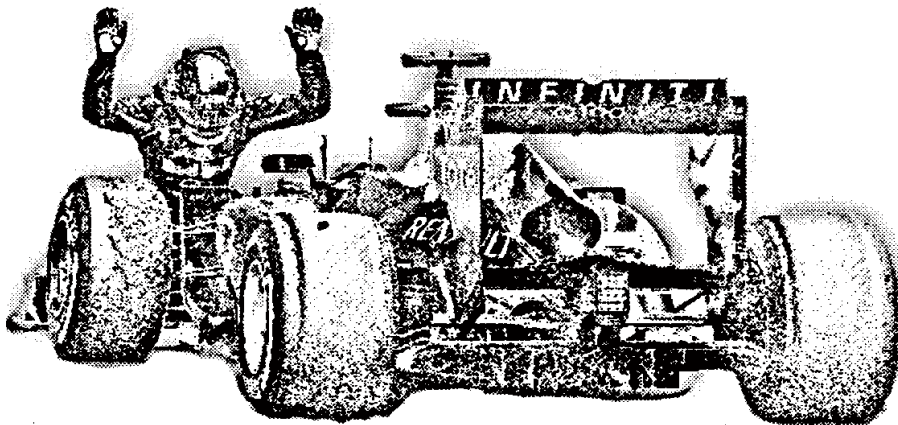

BUT IT ALL CHANGED WHEN SEBASTIAM GRABBED THE POLE IN QUALIFYING AT MONZA. ALL TEAMS GLAMBED TO WHICH TYRE AND DOWNFORCE TO USE. TORRO ROSSO IN MEANWHILE WERE INDESIVE, BUT SOMEHOW GRABBED POLE AND SEB LEAD EVERY LAB NEXT DAY

This was a legendary win for a team who ran on limited budget and were a sister team. Withe origins of Torro Rosso being Italian and them having Ferrari engine that year made it even more special

# Promtion to Red Bull

After his super season at Toro Rosso, he was promoted too to mother team Red Bull Racing, in his first season at Red Bull he came 2nd in the championship behind Button who raced for Brawn GP that year, and Brawn had a dominant car that year which was 1 secs faster than the others at the start of the season. The following next season is where he won his first championship, it was a season full of excitement , with three teams and four drivers fighting for the crown. Seb found himself fourth fav going into the final four races. But despite all that he took four poles in the last four races winning 3 of them, sealing the title in the final lap of the year.

# 2011-2014

The very next season was very good for Red Bull and their engine supplier Renault. Producing a car and engine which was so good it was only matched by Ferrari at Power circuits. This left Seb and his teammate Webber for the title which Sebastian did in dominating fashion to be a two time champion

2012 was a new challenge for both Red Bull and Seb, with other teams closing the gap. McLaren had the best car, but was unreliable. Lotus Mercedes was reliable car but lacked the pace as season went on. This left Ferrari and Red Bull to battle it out up until last race in Brazil. Ferrari's Alonso had the luck this time around, Vettel having to start from the pitlane in the second last race and having to pit 3 times in the last race in Brazil. But due to others retiring and rainy condition in Brazil Vettel was able to finish 3rd and 6th in those respectively to win his 3rd championship.

2013 was another dominant season for Red Bull, it was tight with the teams until mid way of the season but with teams concentrating for regulation changes for 2014. Vettel was again able to dominate his teammate Webber, winning 13 races in a row at the end. He was crowned champion four times in a row. He was also named Autosport Sportsman of the year. In 2014, Mercedes pulled up a monster of car, leaving the battle between their two drivers, having a frustrating year and beaten by his new teammate Ricardo. Seb left for a new challenge at Ferrari for 2015 after his brilliant seasons for Aston Martin Red Bull and Renault Racing for six seasons, winning them 4 constructor's championships.

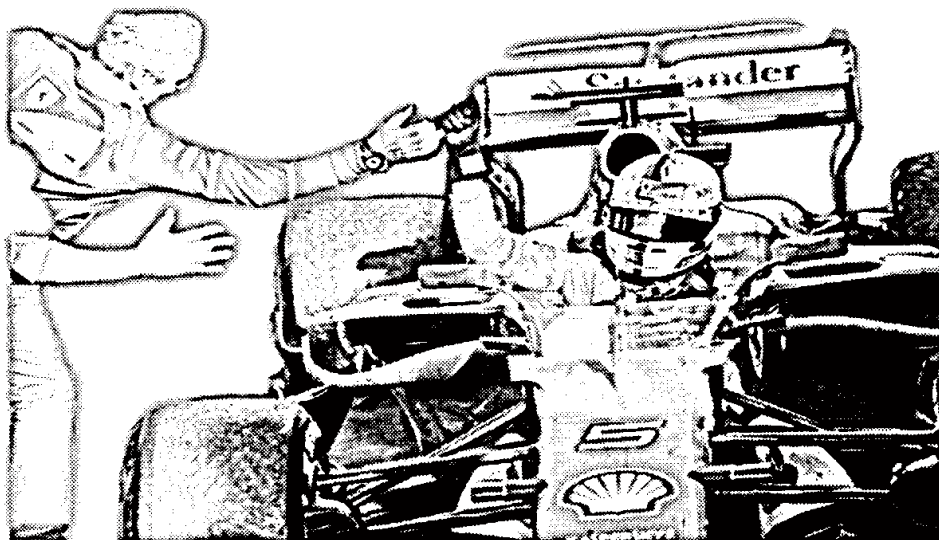

# MOVE TO SCUDERIA

After Vettel became a free agent, Ferrari snapped up Vettel in 2015 to deliver them a title but Mercedes have kept their dominance on the sport there after winning 5 double championships in a row.

Even after their best tries all the top team Ferrari, Red Bull, Renault, Honda and McLaren are not able to catch up Mercedes. Will they be too strong till next rule changes. Despite coming close in 2017 and 2018 Seb and Ferrari haven't been able to win. Will we see a 1 v 1 in 2019 between two greatest car brands in motorsports or will there be other rivals as well or maybe Merc will run away with another title. Will there be a German standing at the top stadium of the podium with Italian national anthem since legendary Schumacher era.

## I WAS NEVER LOVED

NO  
You are my son

I found an  
innocent  
child

Am I cursed ?  
What am I ?  
What more than that?  
Tell me.....Tell me  
**TELL ME**

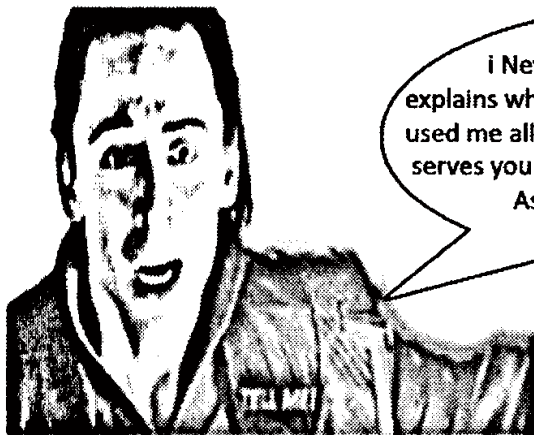

The casket was  
not the only thing  
you picked up at  
Joutenheim  
that day.

I wanted one son who  
wanted the throne too much  
and one who will not have it

i Never wanted the throne, now this  
explains why you favoured Thor all along, you  
used me all along to make Thor a good King. Now, it  
serves you right with the none realms in caos and  
Asgurad in danger

# His Friends Betrayed Him

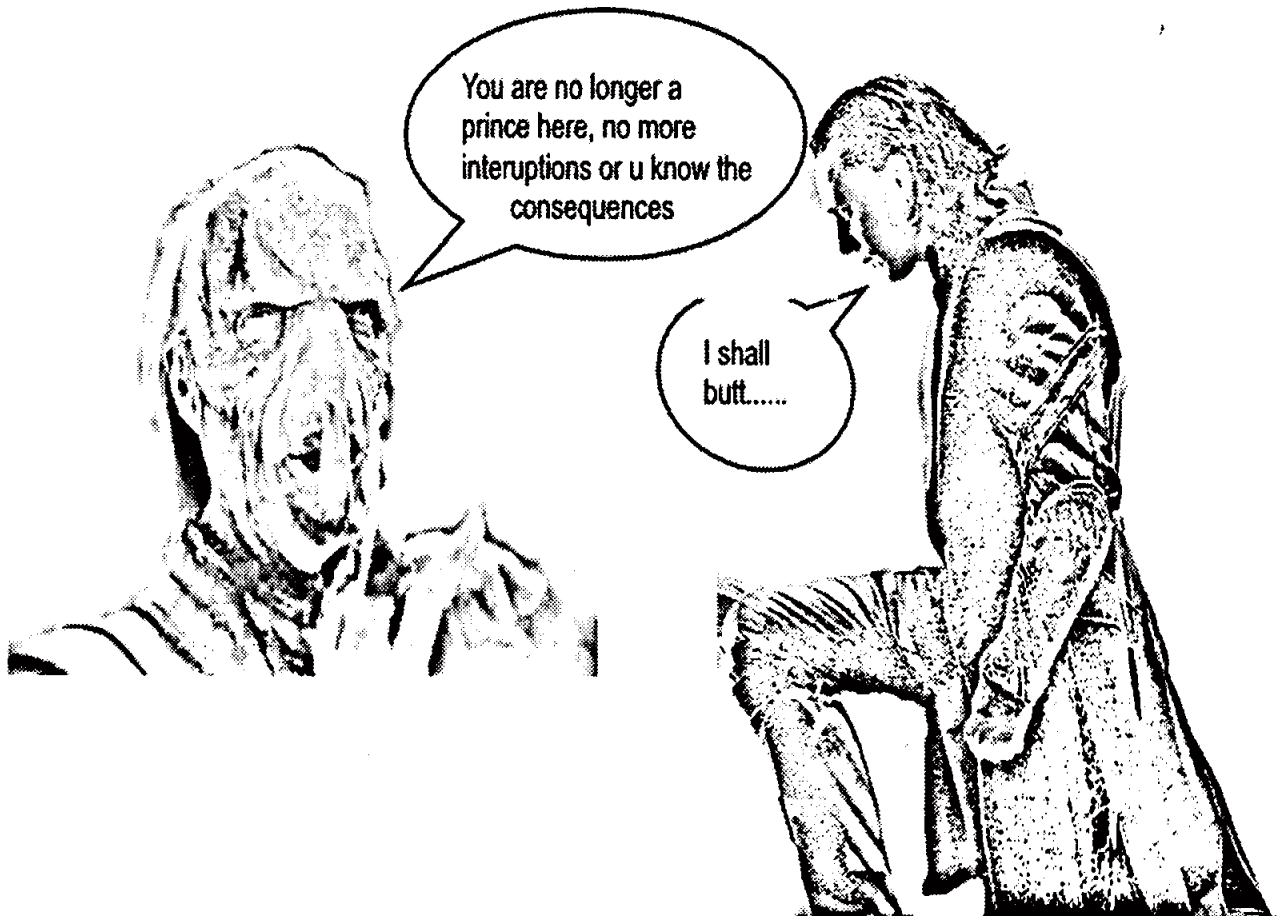

# Thanos tortured him

There are two stones on earth, bring them to me or I will bathe the stairways in your blood

You are no longer a prince here, no more interruptions or u know the consequences

I shall butt.....

# His real parents abandoned him

# His brother loved him

# THOR

## WHAT MORE COULD I LOSE?

So dead brother huh!  
Yeah can be annoying

Well he has been  
dead before. But this time  
it might be true

And your sister and  
your dad both dead

Still got a mom  
though?

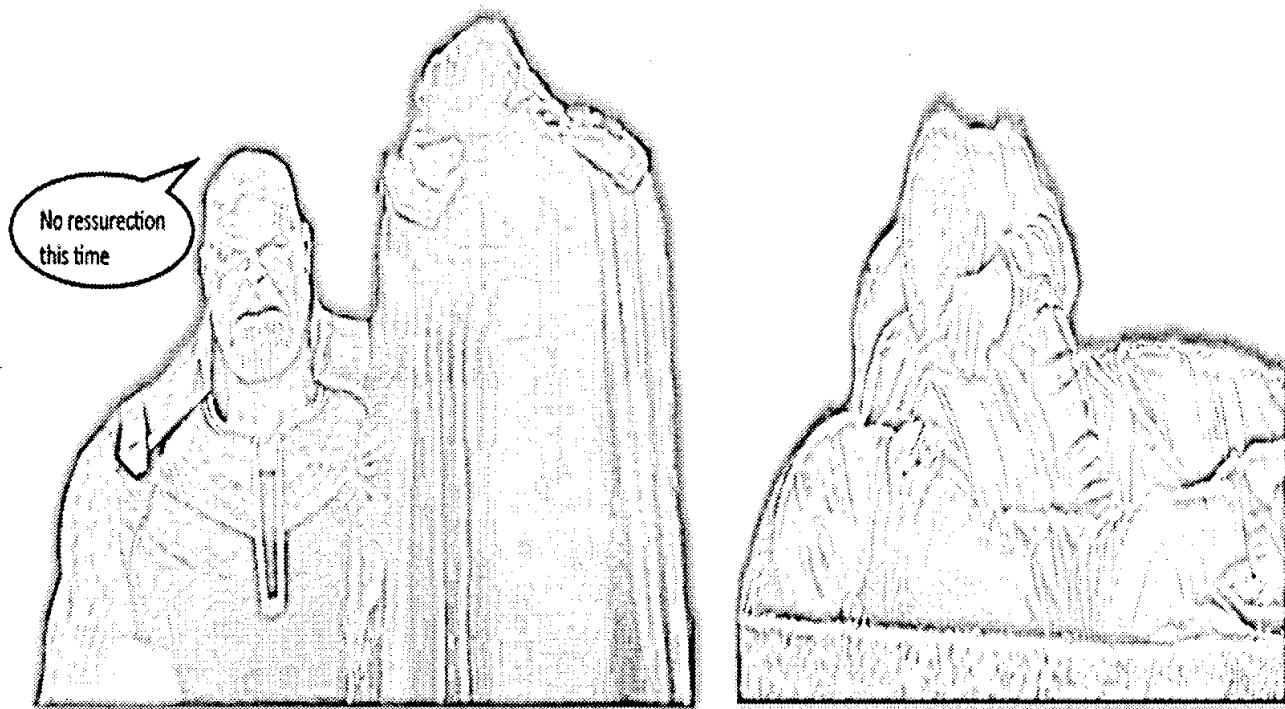

A best  
Friend

Killed by the  
Dark Elves

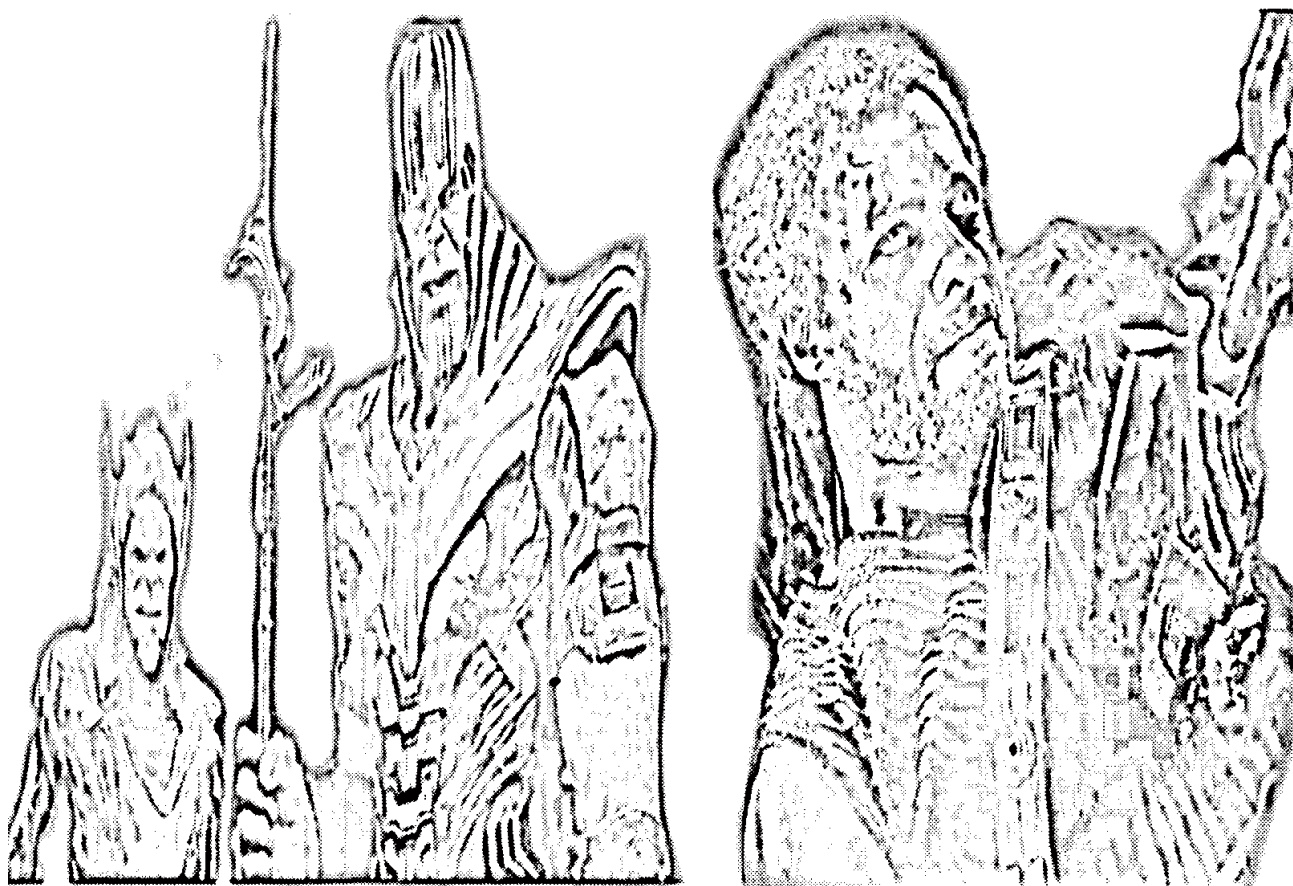

Stabbed in the  
heart

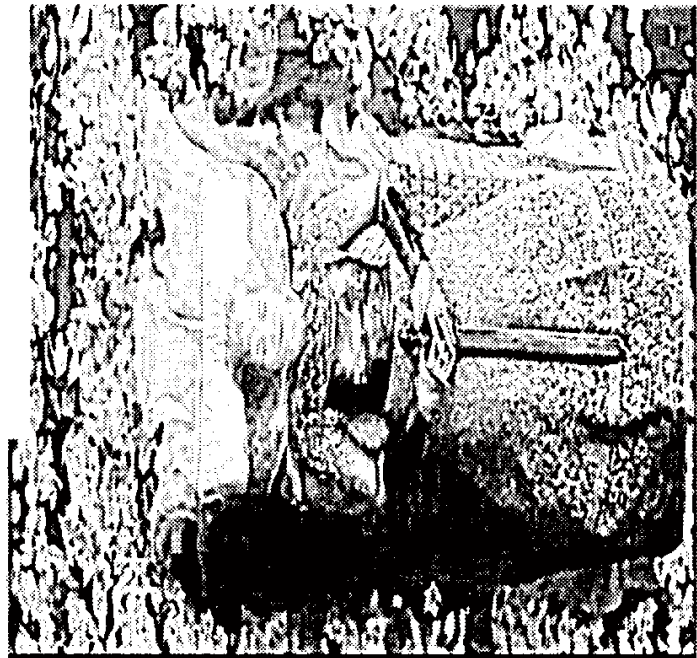

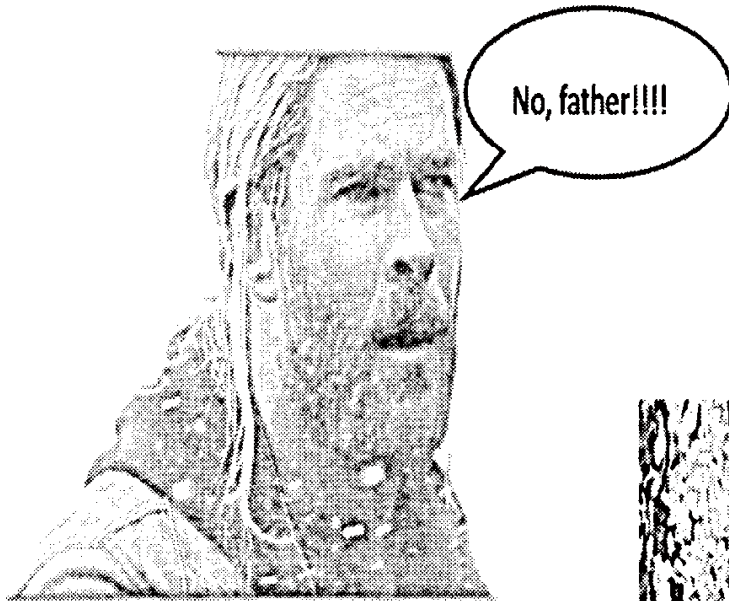

# Brother: Choked to death

# Best Friend: Stabbed in the Heart

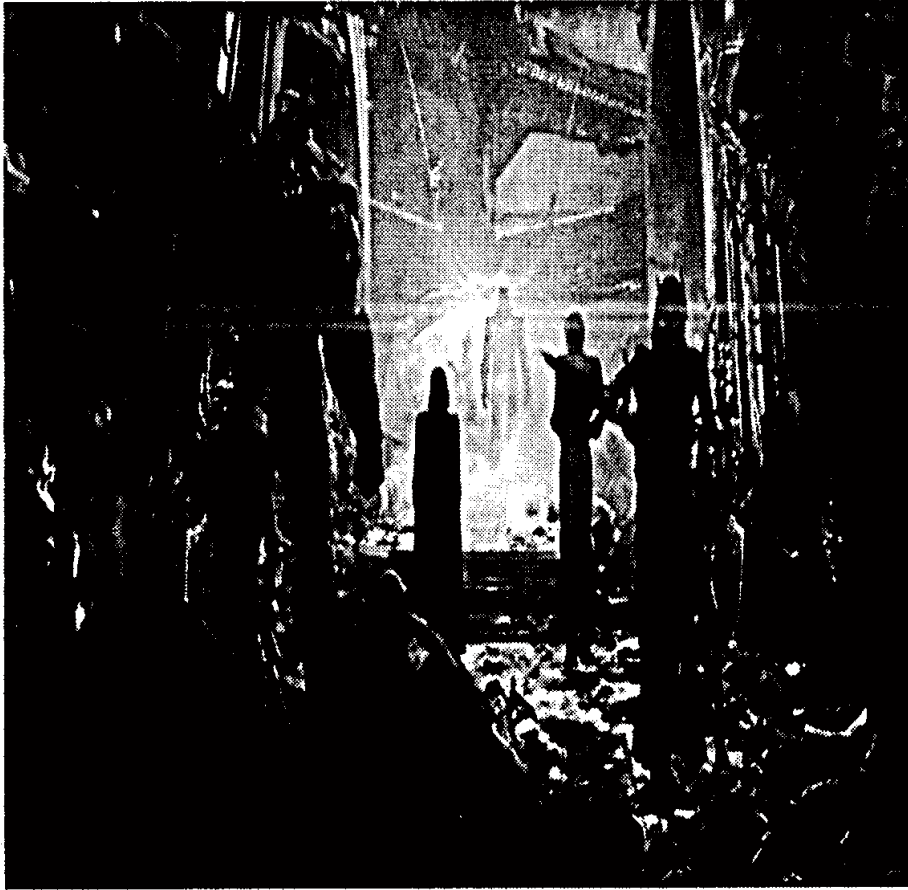

# Half of his people: Dead

Are you sure you want to go on this murder mission?

Absolutely. You know rage, anger, vengeance, loss, pain, regret, they clear your minds; They are tremendous motivations So I am ready

Because this Thanos guy; its as tough as it gets
